

REFERENCE FROM EPHEC, BRUSSELS

Françoise De Waele, Head of the International Office

Would you tell us a little about your experiences of working with Asia Exchange?

As a University College, EPHEC entered into contact with Asia Exchange thanks to a student who wanted to study for a semester in Bangkok. As soon as our International Office contacted their team we had a nice contact and a meeting was planned with a representative visiting Brussels. It was both informative, friendly and very professional! Asia Exchange was very familiar with the needs of European students (ECTS credits, Learning Agreements, Transcript of records etc.) and our administrative requirements. So we suggested this possibility to our students and a lot of them were interested. The first students are experiencing the destinations right now.

What have been the benefits of working with Asia Exchange for the university and the students?

The team are very helpful for liaising with the universities and the students, which is very helpful for our international office. There are also Asia Exchange representatives at the host universities, which is reassuring for us. The students and EPHEC can benefit from the network of Asia Exchange and their selection of various Asian universities.

What are the particular strengths of Asia Exchange?

Reliability, clarity of the information, dynamism and rapid communication.

What kind of feedback have you got from the students?

The first reports they are sending us after about six weeks of stay are always enthusiastic.
