

Jakarta, 31 October 2017

To Whom it May Concern,

Eduation is working in the field of education and student mobility. It makes a highly valuable contribution for internationalising and modernizing the delivery of the Finnish education to the world. Eduation is a reliable and experienced partner. Embassy of Finland in Jakarta recommends the services of Eduation for anybody working in the field of education and student mobility.

The founders of Eduation are experts. They have been working in student mobility since 2007 through Asia Exchange, which is another organization of the founders and helps students to study in Indonesia and elsewhere in Asia.

The Embassy of Finland in Indonesia appreciates very much indeed the role of Asia Exchange in contributing to international relations and student exchange of Indonesian universities. The Embassy of Finland has been trying to open opportunities for Indonesian students to study in Finland and is happy to note that prospects in this respect have improved.

Student mobility is more and more important. Finland's education system ranks among the best in the world with untapped opportunities for Indonesian students. Eduation is committed to make Finland more accessible to students from all over the world. It has adopted a comprehensive approach by spreading awareness about the benefits of living and studying in Finland. Eduation is able to help Indonesian students in finding a place to study in one of the highly rated Finnish Universities that are eager to attract more students from Indonesia.

Eduation's and Asia Exchange's work in international student mobility is in high esteem and much needed. It is a trustworthy and experienced partner in international education mobility and as such is able to give a positive contribution in bringing the students and educational institutions of Finland and Indonesia closer together. Embassy of Finland has had a positive experience in working together with Eduation and can reiterate its recommendation on the quality of services Eduation can offer.
