ENTREPRENEURSHIP FOR GLOBAL CHALLENGES

5 ECTS

COURSE DESCRIPTION

This course will introduce you to entrepreneurship for global challenges. You will get to know entrepreneurs and discover how they are working on innovation and entrepreneurship. You will learn what kind of global opportunities and obstacles entrepreneurs especially in emerging economies face when establishing their businesses and acquire a practical set of tools that will enable you to discover opportunities in your own environment and use them to make an actual change.

OBJECTIVES

By the end of this course, students should be able:

- Identify global challenges in emerging economies.
- Learn from experienced entrepreneurs' successes and failures.
- Think strategically about interactions with business partners, customers and government authorities.
- Think strategically about the internal management style and business culture.
- Understand opportunities for and barriers to socially responsible entrepreneurship.

LECTURING METHOD

The course will use lectures, discussion, and assignments. At the end of the course you will do an entrepreneurial case study to create a value proposition based on the things you've learned.
